

**Std. VIII & IX**

**Ref: Sch/Academics/13/2023-24**

**23<sup>rd</sup> August, 2023**

Dear All,

EUMIND (Europe meets India) is back with its project named '**Values**'.

It is indeed an interesting project to indulge in. The sub-topics are as follows:

**Sub - topics:**

- a) Celebration
- b) Student - teacher relationships
- c) Bullying
- d) Friendship
- e) Women Empowerment
- f) Grandparents
- g) Family Roles

Through this online project we shall re-live the vision and mission of the EUMIND platform.

EUMIND creates and supervises virtual exchange projects in which Indian and European students work together on real-life issues such as sustainability, human rights, music, culture and much more.

EUMIND believes that the world of tomorrow needs global citizens that can communicate and work together across borders. Citizens who are socially responsible and aware of their responsibilities towards their planet. As such, EUMIND's central aim is to connect as many students from India and Europe as possible in order for them to learn from each other's strengths.

For such an engaging program we need equally enthusiastic students who would give their best to complete this project and emerge as winners.

We have International Certificates for Excellence, Participation and Good Practice.

**Eligibility criteria:** Grade 8 & 9 students.

**Duration:** September, 2023 to Jan, 2024

Those who are interested to be a part of this wonderful program should fill this **Google form** on or before **31<sup>st</sup> August, 2023**.
